Doctor Management

- ✔ Digital Diagnosis & Case Notes
- ✔ E-prescriptions With Medicine History
- ✔ Lab & Radiology Test Requests
- ✔ Opd, Ipd & Surgery Handling
- ✔ Patient Progress Tracking

Improves Treatment Accuracy & Efficiency

OPD & IPD Management

- OPD:
- ✔ Consultation records | Quick diagnosis entry
- IPD:
- ✔ Admission management with bed/ICU allocation
 - ✔ Daily monitoring & doctor rounds
 - ✔ Discharge summary preparation

Enables Complete Patient Lifecycle Management

Lab & Diagnostic Management

- ✔ Pathology, Radiology, Cardiology Integration
- ✔ Digital Test Request From Doctors
- ✔ Automated Report Generation
- ✔ Report Approval & Instant Sharing

Faster Diagnosis & Better Coordination

KEY FEATURES

Pharmacy Management

- ✔ Prescription-based Medicine Dispensing
- ✔ Inventory With Batch & Expiry Tracking
- ✔ Medicine Issue/return Tracking
- ✔ Integrated Pharmacy Billing

Prevents Stock Loss & Improves Medicine Control

Operation Theatre (OT) Management

- ✔ Surgery Scheduling
- ✔ Pre-operation Checklist
- ✔ Surgical Team Coordination
- ✔ Post-operation Notes & Documentation

Ensures Smooth Surgical Operations & Compliance

Nursing Management

- ✔ Patient Vitals Monitoring
- ✔ Medication Schedule Tracking
- ✔ Daily Nursing Notes
- ✔ Emergency Alerts To Doctors

Improves Patient Care & Safety

Billing & Accounts

- ✔ Consolidated Billing (OPD + IPD + Lab + Pharmacy + OT)
- ✔ Insurance & Government Scheme Billing (Yojana)
- ✔ Payment Tracking & Receipts
- ✔ Financial Reports

Eliminates Billing Errors & Revenue Leakage

Security & Audit

- ✔ Role-based access
- ✔ Activity logs
- ✔ Secure login (password/biometric)

Reduces Waiting Time & Manual Errors

Inventory & Store Management

- ✔ Stock & purchase management
- ✔ Vendor management
- ✔ Batch-wise tracking
- ✔ Low stock & expiry alerts

Reduces Wastage & Ensures Availability

KEY FEATURES

HR & Staff Management

- ✔ Employee Records
- ✔ Attendance & Leave Management
- ✔ Duty Roster & Shift Scheduling
- ✔ Performance Tracking

Improves Staff Productivity & Discipline

Emergency Management

- ✔ Rapid Patient Registration
- ✔ Triage System
- ✔ Critical Patient Tracking
- ✔ Emergency Doctor Assignment

Saves Critical Time In Emergencies

KEY FEATURES

Reports & Analytics

- ✔ Patient History Reports
- ✔ Doctor Performance Analysis
- ✔ Department-wise Revenue
- ✔ Daily Patient Flow
- ✔ Inventory & Lab Reports

Helps In Data-driven Decision Making

Communication System

- ✔ Sms / Whatsapp / Email Integration
- ✔ Appointment Reminders
- ✔ Lab Report Alerts
- ✔ Billing Notifications
- ✔ Follow-up Reminders

Enhances Patient Engagement & Satisfaction

KEY BENEFITS

Emergency Management

- ✔ Centralized System For All Departments
- ✔ Real-time Monitoring Of Operations
- ✔ Increased Operational Efficiency
- ✔ Better Financial Control

For Doctors

- ✔ Quick Access To Patient History
- ✔ Accurate Diagnosis With Digital Records
- ✔ Reduced Paperwork
- ✔ Better Patient Tracking

For Staff

- ✔ Simplified Workflows
- ✔ Reduced Manual Work
- ✔ Clear Task Management
- ✔ Improved Coordination

Financial Benefits

- ✔ Accurate Billing & Revenue Tracking
- ✔ Reduced Revenue Leakage
- ✔ Better Inventory Cost Control
- ✔ Faster Insurance Claim Processing

For Patients

- ✔ Faster Service & Reduced Waiting Time
- ✔ Transparent Billing
- ✔ Timely Notifications & Updates
- ✔ Better Treatment Experience

Overall Business Growth

- ✔ Improves Hospital Reputation
- ✔ Enhances Patient Satisfaction
- ✔ Supports Scalability (multi-branch Ready)
- ✔ Enables Digital Transformation
